THE VISION

Waterside walks, premium properties and world-class business opportunities make Canary Wharf and the Isle of Dogs' E14 postcode one of London's most desirable. A peninsula surrounded by the river Thames on three sides, the area is among the UK's great regeneration success stories. During the past 20 years it has evolved from an industrial hub to a thriving community where residents, nature and businesses flourish in harmony.

Thanks in part to unrivalled transport links, including the new Elizabeth line, E14 continues to flow forward as consistently as the Thames, a shining example of an ever-evolving neighbourhood.

With a prime location in Canary Wharf, The Bellamy is well situated to enjoy the many benefits of this premier destination, including over 300 shops, bars and restaurants.

Standing at 32 storeys, the façade of this distinctive building combines the precision and innovation of the industrial age with modern day architecture. Both serene and sophisticated, all apartments are beautifully finished with considered craftsmanship throughout. They also offer sweeping views of the urban skyline from private balconies and a flowing specification that creates a sense of movement. With abundant amenities and convenient access to nearby green spaces, residents will enjoy a perfectly balanced lifestyle in the heart of east London.

TODAY

Nowadays, the area is the face of 21st-century London with sleek skyscrapers housing the world's leading financial institutions as well as five shopping centres and some of the finest restaurants in the capital. Those industrial roots can still be detected in the Victorian warehouses, slipways and docks that form a link to Britain's maritime past.

An investment in Canary Wharf and the Isle of Dogs is an opportunity to be part of the continuing evolution of this new city in the east.

THEN & NOW

THE HISTORY

Long the home of merchants and adventurers, Canary Wharf and the Isle of Dogs played a starring role in London's commercial past. In 1802 West India Docks – now Canary Wharf – opened and became the centre of Britain's trade with the West Indies. Through the 19th-century, the skyline was dominated by ships laden with rum, spices, sugar and coffee.

The Bellamy's name comes from the metalworks that were here in that era. Founded by John Bellamy, the works made water tanks and buoys for mariners.

In contrast, the Isle of Dogs' intriguing name remains something of a mystery. Some say it's because Henry VIII kept his hunting dogs here, just across the river from his Greenwich Palace residence.

Where else in London can you go in minutes from boardroom to bar, or cutting-edge art collection to countryside farm? Victorian terraces and gleaming skyscrapers house everything from quirky independent businesses to financial powerhouses like HSBC, J.P. Morgan and Deutsche Bank. The flow of water on three sides of the peninsula creates a sense of movement, reflected by the flow of talented people who live and work in the area.

INVESTING IN QUALITY

90% of our people are also shareholders in our business, so there's more pride poured into every project. Our unique collective approach brings together some of the best minds in the industry to create carefully considered and beautifully built homes that will endure. It's an approach that drives continuous improvement, raising the bar with every development. Here we set out what quality means to us, going above industry standards with each of our teams.

A PROVEN RECORD OF SUCCESS

Mount Anvil has a proven record of success in the area. Exemplifying the boldest and most beautiful of Canary Wharf architecture, sold-out Dollar Bay won "Best New Iconic Building" in the 2018 London Planning Awards. This forward-thinking glass building included 189 breathtaking homes designed with vanguard sustainable technology. It also rejuvenated the underutilised waterfront providing public art, open spaces and landscaping for all to enjoy.

Dollar Bay, E14

LONDON SPECIALISTS

We've spent over 30 years focused on London, creating outstanding places where people can thrive. Focus means we can commit, we can do that bit extra, so we can spend more time designing, refining and delivering homes people love, in places they want to live.

AWARD WINNING

The ultimate accolades for us are happy customers, who want to keep coming back to Mount Anvil. But we aren't averse to the industry celebrating us either. We have won awards for our design, culture, partnerships, health and safety, customer care and sustainability.

CRAFTED NOT COOKIE CUTTER

No two Mount Anvil developments are the same. Yes, you'll see Mount Anvil hallmarks such as clean, uncluttered elevations, vibrant public realm, and mechanical equipment hidden in the basement rather than on the roof. However, each of our developments are individualised, to fit the community they're in.

OUR TEAM

90% of our people are also shareholders in our business, so there's more pride poured into every project. And with our project directors having, on average, more than 25 years' industry experience each, your home is in safe, reassuring hands.

POSITIVE PARTNERSHIPS

Our business is based on repeat partnerships, and put person, place and planet first. By jointly working with our partners, we can amplify the positive impact of the places and homes we co-create, delivering a healthy, low carbon and prosperous future for London.

CUSTOMER FOCUS

At Mount Anvil, we're committed to making your home buying experience as effortless as possible. Your personal Customer Experience Manager will be there to answer anything and everything you ask about your new home. This focus on customer satisfaction is why 97% of our customers would recommend us to family and friends.
